PROFILE

I am Biruk Ashagre, a passionate and driven Software Engineering student at Debre Berhan University, graduating in 2018 E.C. Born and raised in West Hararghe, I have embraced a lifelong dedication to learning and growth. During my time at university, I honed my skills in web development, with expertise in React, Node.js, and MongoDB. I take pride in my ability to collaborate effectively within teams, manage time efficiently, and communicate ideas clearly. Guided by strong determination and faith, I am committed to leveraging my technical knowledge and interpersonal skills to contribute meaningfully to innovative projects and achieve impactful results.

EXPERIENCE

*Software Engineering
Student
Debre Berhan University
2014. – Present*

- Gained strong foundational knowledge in software development, specializing in web technologies such as React, Node.js, and MongoDB.
- Enhanced problem-solving skills by tackling challenging coursework and engaging in collaborative coding exercises.
- Adapted to the dynamic university environment, balancing rigorous academic demands with personal growth and skill-building activities.
- Developed resilience and perseverance by navigating the challenges of university life, including tight deadlines, group projects, and self-directed learning.
- Built effective communication and teamwork skills by working on group assignments and engaging in knowledge-sharing with peers.
- Cultivated a disciplined approach to time management, ensuring the successful completion of projects and assignments within set deadlines.
